

€49? WHY?

Inside the **LBi Creator Hub**.

LBi Internetmedia is building more than just a creator database. We are building a growing creator network focused on freelance content creation, collaborations with local businesses, social media content and future opportunities in multiple European cities.

The Creator Hub is designed as the central place where creators get access to projects, tools, resources, guidance and future opportunities within the LBi ecosystem.

Our goal is simple: to create an accessible, affordable and professional creator network where creators, brands and opportunities come together — without the high barriers and expensive agency structures that dominate the industry today.

THE LBi CREATOR ROADMAP

- 1 Register as an LBi Creator**
Creators can register via the LBi platform and become part of our growing LBi creator network. Profiles remain private within the platform.
- 2 Access the Creator Hub**
After registration, creators get access to the private LBi Creator Hub, where all resources, updates and opportunities are available in one place.
- 3 Access Projects & Collaborations**
Creators get visibility within the LBi network and are matched with freelance collaborations, remote projects and content opportunities in Valencia — and in other European cities.
- 4 Grow as a Creator**
The platform is designed to help creators grow through collaborations, content experience, networking and access to future creator resources.
- 5 European Expansion & Global Opportunities**
LBi Valencia is the starting point of a much larger European creator network. The roadmap includes expansion to cities such as Madrid, Barcelona, Paris, Berlin, Amsterdam, Antwerp, Munich, Lyon and other major European destinations.
This creates long-term international opportunities, collaborations and projects across Europe.

WHAT'S INCLUDED IN THE CREATOR HUB?

-  Access to active freelance projects and future opportunities
-  Visibility within the LBi Creator Database
-  Opportunities for on-site / remote projects in Valencia and future European cities
-  Travel, accommodation and airport transfer arranged for selected collaborations
-  Opportunities to work on location and represent brands within the LBi network
-  Future creator networking opportunities
-  Access to creator resources and downloadable guides
-  Guidance & educational content for creators
-  Future workshops and creator tools
-  Access to professional tools such as Canva, CapCut, Final Cut Pro, Adobe Premiere Pro, Adobe Lightroom, ElevenLabs, Notion Templates and Epidemic Sound for selected collaborations and projects
-  Support & guidance for content editing, shortform video workflows and social media content creation
-  Future creator partnerships, software deals and exclusive benefits
-  Weekly updates and continuous improvements within the Creator Hub
-  Access to future expansion across European creator networks
-  A growing creator-focused community
-  Full refund of the €49 registration fee after successful completion of your first project
-  Long-term growth opportunities within the LBi ecosystem

WHY €49?

The LBi Creator Hub is built to remain accessible, affordable and trustworthy while building a professional and engaged creator network.

Disclaimer: We do not guarantee that the registration fee will never decrease in the future. However, as of now, this is a one-time registration fee of €49.

This one-time registration fee helps us to:

- carefully review and verify serious creators
- keep the platform professional, safe and organized
- invest in tools, systems and platform development
- build long-term partnerships for creators
- offer higher quality and continuity for both creators and brands
- expand the LBi creator ecosystem across Europe

In return, you get access to a creator network, resources, tools and real opportunities within the LBi ecosystem. We are building a long-term creator community with genuine opportunities — for creators who are serious about growing.

Don't wait too long and register today. Full = full.
